

CRC Informs

PUBLIC HEALTH EMERGENCY EXTENDED:

The Public Health Emergency declaration has allowed for extended coverage of Medical Assistance (MA) and MNcare.

Throughout the emergency program participants have had health insurance coverage terminated only when at least one of the following conditions applies:

- They move out of state
- Death
- Incarceration
- The post-partum coverage period comes to an end for women who are not legal citizens

Private Plan Updates:

Renewals and Open Enrollment will continue as normal for those who qualify for private plans or Qualified Health Plans (QHPs).

Open enrollment dates are: November 1 – December 22!

There have been many changes to MNsure Health Plans this year. All enrollees should review their options with their agent or read the details of the plans themselves. Check to make sure your doctors are in network and that your medications are included in the plan's coverage.

What to Expect from Renewals:

- A consumer will receive an Auto-Renewal Notice if: the information they have reported on their initial application, or in change reports made during the year, is consistent with information MNsure gathers from Federal Financial Hubs. Read through the notice for accuracy and report any necessary changes.
- A consumer WILL NOT receive a renewal if their coverage cannot be auto-renewed. These cases will be reviewed when the emergency is lifted.
- If a consumer doesn't understand the notice they receive; they may call the office it came from or a Community Resource Connections Navigator at 218-333-0880 for help.

WHAT THE EXTENSION MEANS FOR CONSUMERS:

Current program coverage is expected to continue for most people.

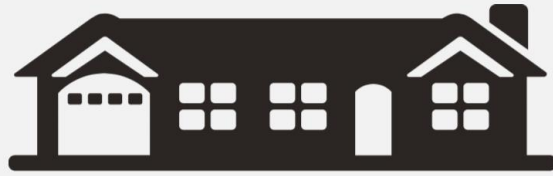

However, this does not mean consumers should do nothing!

Consumers should continue to report changes (household size, income sources/amounts, etc.) to the organization managing their coverage.

If a consumer has Medical Assistance they report changes to the MNsure team at their county of residence.

If a consumer has MNcare they report changes directly to MNcare: 800-657-3672.

****Coverage updates will be sent to consumers if their updates result in program changes. ****
